Focus Area Cleaning Package

Thank you for choosing our Focus Area Cleaning Package. This service is designed for clients who would like professional cleaning assistance in a specific area of their home without booking a full-home cleaning service.

Our goal is simple: to focus our time and attention on the areas that matter most to you, while providing clear expectations about what can be accomplished during your appointment.

Package Details

Price: $135.00 + HST

Service Time: 3-Hour Minimum
Supplies & Travel: Included

This package is a great option for:

- Kitchens
- Bathrooms
- Laundry rooms
- Living rooms
- Home offices
- Condos and apartments
- Seniors needing assistance with specific tasks
- Post-party cleanup
- One or two priority areas that need extra attention

How the Service Works

Before your appointment, we'll ask you to choose the area you'd like us to focus on. This allows our team to arrive prepared with the appropriate supplies and a clear understanding of your priorities.

Examples of focus areas include:

- Kitchen
- Bathroom
- Laundry Room
- Living Room
- Home Office
- Basement Recreation Area

Please note: This package is intended for a specific room or pre-determined area and is not a whole-

home cleaning service.

What Can Be Accomplished in 3 Hours?

Every home is different, and the amount completed during your appointment will depend on:

- The size of the area
- The overall condition of the space
- The amount of cleaning required
- Any add-on services requested

For example, a lightly used kitchen may allow time for additional tasks, while a kitchen that hasn't been cleaned in some time may require the full 3 hours to address your priority cleaning needs.

Because of these differences, we recommend identifying your highest-priority tasks before your appointment.

Additional Time

If more time is needed, additional cleaning hours may be available at $50.00 per hour.

Please keep in mind:

- Additional time is subject to our team's schedule and availability.
- Additional hours cannot always be guaranteed on the day of service.
- If you believe your requested tasks may require more than 3 hours, please discuss this with us when booking.

Important Information About Add-On Services

We want to ensure there are no surprises and that expectations are clear before your appointment.

Add-on services are charged separately from the Focus Area Cleaning Package and are not included in the base package price.

Please note that while add-on services have an additional cost, the time required to complete those services is still performed during your scheduled appointment.

For example:
If you book our 3-hour Focus Area Cleaning Package and add an interior refrigerator cleaning, you will be charged for both the Focus Area Cleaning Package and the refrigerator cleaning add-on. The time spent completing the refrigerator cleaning will take place during your scheduled service time.

Because add-on services require dedicated time and attention, they may reduce the amount of time available for your selected focus area unless additional hours are arranged.

If your goal is to have both your focus area and add-on services completed thoroughly, we may recommend booking additional cleaning time at $50.00 per hour, subject to availability.

Our goal is to be transparent about how appointment time is allocated so you can make the best decision for your home's needs and avoid any misunderstandings on the day of service.

How to Prepare for Your Appointment

To help us make the most of your scheduled time, we recommend:

✓ Choosing your focus area before booking

✓ Letting us know your top priorities in advance

✓ Removing fragile or valuable items from the area

✓ Ensuring clear access to the space being cleaned

✓ Advising us of any add-on requests before your appointment
